

This note, that [was found here](#), as a part of [a collection](#) is written (completely with human hands) by [Rupadarshi Ray](#), was created on August 6, 2025 3:51:29 PM, was last modified on December 17, 2025 10:29:24 PM, and was exported on September 7, 2026 3:31:08 PM.

Isotropy of submanifolds

 Let N be a compact manifold without boundary and M be a smooth manifold without boundary and

$$h : N \times [0, 1] \rightarrow M$$

be an isotropy between...

Current note has 0 direct children and 0 total descendants.
